## Standard Oil Men Buy The Railroad

Chicago, March 30.—The real ownership of the White River Valley Railroad, recently incorporated at Pierre, S. D., for \$50,000,000, was revealed today when the Chicago, Milwaukee and St. Paul Company announced that it would extend its line about seventy miles beyond Chamberlain, S. D.

The White River Valley Railroad Company is now constructing a road which the St. Paul admits to be an extension of that system. To build a line of seventy miles would not cost more than \$350,000. Therefore it is evident that despite official denials the White River Valley Railway Company was capitalized for \$50,000,000 for the purpose of extending the St. Paul system to the Pacific Coast.

The reason for official denials that the St. Paul Company is back of the White River Valley Company may be that part of the route projected to the

## GOSSIP OF THE FANS

### LOCAL BASEBALL SEASON UNDER WAY

TALK OF THE DIAMOND—WHAT IS DOING IN THE BIG LEAGUES BOSTONS NOW TALK ENDERS.

While the local baseball season cannot be said to be fairly opened until Joe Cohen's bunch of pick-ups has been seen in action yet the fans are already judging the teams on the first day's games. There is both justice and injustice in this. It is unjust because on the opening day all the teams are on edge and a trifle nervous—some of them more than a trifle. Every man on the field gets a heart like a trip-hammer when the first ball shoots out of the pitcher's hand, and all during that first game the players are decidedly off color. Even if they do manage to skin through without an error, they cannot do their work as gracefully, quickly and cleanly as later on in the season when they have confidence. On the other hand, the first games often, in fact nearly always, show up a team's strong and weak points, and the very results committed at first are likely to stick, unless the team is shaken up. Sometimes the wise manager does this by changing one or two men. Sometimes a change in the batting order will work wonders when the team seems to have struck a rut. However, the first games are by no means sure indications of the later ones, and it is one of the best things about the great American game that there's nothing certain about it but uncertainty.

Of course the Elks and the H. A. C. are touted as the big teams this season, a winning team always looks better than it is. The Elks from their initial showing will have to rely on steady fielding and fast work on bases. Their stick work against Eddie Deasha was not strong. But the Elks have an edge on the Punahou boys on their team work, and added to their recruits from the Males, this will make them formidable.

H. A. C. started out like quarter horses with five runs in that awful first inning. After that the Kams, with the game lost, played some good ball. If the Kams overcome their tendency to go up in the air when they get in a hole there will be some merry chase. Captain Lemon is a good man to correct this fault. It is absolutely deadly to batting averages to send anything through the air toward the little center fielder's territory, because he squeezes it plenty. Lemon also has the knack of grabbing the ball and keeping himself ready for a quick throw if there are men on bases. He plays heady ball all the time and if he can get some of his spirit into the schoolboys there will be another team hard after the champion ship.

Grady is catching nice ball for the Elks. He is a trifle slow in getting the ball to bases.

Vanatta, the B. P. O. E. second baseman, has a short arm throw to first that looks slow, but gets the ball there.

"Bob" White got a hand from the crowd every time he came to bat. The result as usual in such cases, was that Bob did not materially fatten his batting average.

All of the first basemen showed up weak on low thrown balls.

Bushnell, the little Punahou shortstop, has decided that his business will not permit ball playing. He can cover a whole lot of ground in his territory, and his absence will be felt. Steere, the Pun third basemen, will be at the corner post tomorrow.

Lawrence Judd ought to be third in the Pun batting list on Saturday's showing. He hit the ball hard and

often, besides doing good work behind the willow.

En Sue was the fastest man to first seen on the field last Saturday. He should learn to bunt.

Joe Cohen's bunch, captained by Fred Wright, will go up against the champions in the first game Saturday.

Big League Gossip. There is a pitcher named Limerick in the Eastern League who holds a record. His batting average in 1904 was .000.

Mike Grady is filling Jake Beckley's shoes at first base for the St. Louis Cardinals and is doing better work than he did behind the bat.

Danny Shay has decided to jump the St. Louis Cardinals and remain in Stockton, Cal., where he has signed with an independent team.

Willie Keeler is still a great favorite in Baltimore. He was given an ovation by the spectators when the Highlanders played the Orioles last Thursday. Lou Criger, catcher of the Boston world's champions, has a bad leg and will not be seen in harness until in June.

Billy Hamilton has joined the first basemen. He will play the initial game for the Harrisburg independent team this season.

Fred Clarke says Pittsburg will never again be caught short of players and intends to carry enough utility men to provide against mishaps. Batch's fine third base play for Brooklyn on the southern trip caused many of the local critics to tout him at the real find among the young infielders this season.

Connie Mack believes in brains in baseball. Eight of the Athletics are college men. Two of them are full-blooded Indians, Bender, a Chippewa and Bruce a Cherokee.

Jack Doyle has made up his mind at last and has signed a contract with the Toledo American Association club, President J. Ed Grillo purchased his release from Portland, Oregon.

Hall, pitcher for the Seattle Pacific Coast League team, recently almost equaled Cy Young's great feat of last season when he shut out the Athletics without a hit or run or a man getting to first base. Hall's only break was to hit a batter.

Billy Lush, the Cleveland outfielder, who has been coaching the Yale team wants to buy the franchise of the New Haven Connecticut League club. Lush is under reserve to Cleveland and wants to purchase his release.

John Ganzel keeps on pleading with Frank Farrell to release him to the Grand Rapids club. Both Chicago and Detroit have refused to waive a claim to Ganzel's services and Farrell could not release him if he wanted to.

"I consider it a great compliment that you came on to see the game," said President Garry Hermann of the Reds to President Taylor of the world's champions after the Reds beat Collin's team last Wednesday. "I am tickled to death to have won," but I am frank to say that while we have a good cub you have a better one. You would surely beat us in a long series."

A zealous fan recently put the question point blank to Billy Bradley: "Who is the greatest third baseman in the country?"

Like a flash came the answer: "Why I suppose everybody concedes that Jimmy Collins is."

Which recalls Collins' reply to the same question, asked by a Cleveland man last fall.

"Well," was the Boston manager's carefully measured reply, "if I could field and bat like Bradley I should lay claim to that title myself."

Following is the standing of the clubs in the two big leagues and the Pacific Coast League. It is noticeable that the Boston club, champions of the world, are tall enders in the American League, while Washington, last year's tall enders, are leading the league.

The standing is that of May 3d:

## Mothers Are Helped THEIR HEALTH RESTORED

Happiness of Thousands of Homes Due to Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's Advice.

A devoted mother seems to listen to every call of duty excepting the supreme one that tells her to guard her health, and before she realizes it some derangement of the female organs has manifested itself, and nervousness and irritability take the place of happiness and amiability.

Tired, nervous and irritable, the mother is unfit to care for her children, and her condition ruins the child's disposition and reacts upon herself.

The mother should not be blamed, as she no doubt is suffering with backache, headache, bearing-down pains or displacement, making life a burden.

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for this condition. It strengthens the female organs and permanently cures all displacements and irregularities.

Such testimony as the following should convince women of its value:

Dear Mrs. Pinkham: "I want to tell you how much good Lydia E. Pinkham's Vegetable Compound has done me. I suffered for eight years with ovarian troubles. I was nervous, tired and irritable, and it did not seem as though I could stand it any longer, as I had five children to care for. Lydia E. Pinkham's Vegetable Compound was recommended and it has entirely cured me. I cannot thank you enough for your letter of advice and for what Lydia E. Pinkham's Vegetable Compound has done for me. Mrs. Ph. Hoffman, 100 Hiram Street, Brooklyn, N. Y."

## HIGH SCHOOL BEAT NORMAL TEAM BADLY

Yesterday afternoon the High School and Normals crossed bats at Punahou. The latter team made a runaway of the game, winning by the one-sided score of 31 to 0. They outbatted the Normals all the way and the game was never in doubt.

The game opened up with A. Asten of the Normals striking out. Kihoi flew out to Chillingworth. Nakua struck out.

Then the High School stickers opened up with fusillades of hits. Third baseman Hoogs took his first base on balls. En Sue, the little wonder, made a home run his first time at bat. John Lo was put out at first. Sam White struck out.

On the second inning the Normals could not reach first.

The second for the Highs was but a repetition of the first, with the exception that Lo redeemed himself by making a home run.

The Normal School did not succeed in making the circuit at all, while the High School boys kept up the good work throughout.

At the end of the fourth Foster Davis, the High School shortstop, batted out a great home run.
